5.	Sources and solutions to microplastic fibers in our watersheds. PhD candidate, Samantha Athey outlines her research on microplastics. Some research has been completed in Parry Sound. Washing machine filters are available. March 10, 2022		https://youtu.be/SIMgc5QA-ZY 

6.	Why Natural Shorelines are Key to Lake Health Julia Sutton, of Sweet Fern Consulting details how maintaining naturalized vegetation along the shoreline helps maintain the health of our lakes. June 16, 2022		https://youtu.be/zcYuyUi8yAY 
7.	Hummingbirds in McKellar Township. We celebrated the return of hummingbirds to McKellar Township with this presentation by Erich Eberts, Ph.D. candidate from the University of Toronto. Erich discussed the biology of hummingbirds including the effects of nesting, body fat, seasonality and temperature on hummingbird torpor use. June 11, 2022.		https://youtu.be/mqDW90mTH4 
8.	Maintaining Your Septic System with Danielle Ward describes the independent onsite sewage system that each household has when a municipal sewer system is unavailable. Septic system owners need to care for the septic bed, keeping it clear of deep-rooted vegetation and heavy weights. Regular maintenance of the septic tank is described in detail, including pumping of the tank and cleaning of the filters.	 Danielle lists items that will clog a septic bed or tank if flushed, resulting in possible back-ups and costly repairs. The question period at the end highlights common concerns of septic system owners. July 14, 2022	https://youtu.be/P3SZLLr9F4Y 
9.	POTENTIAL IMPACTS OF BOAT WAKES with a special emphasis on data collected from Lake Manitouwabing July 11 2024		https://youtu.be/r-fNuN5TXIo 

10.	Implications of the 2021 Lake Capacity Study of Lake Manitouwabing, Presentation by Carl Mitchell, Ph.D., Professor, Department of Physical and Environmental Sciences, University of Toronto Scarborough, Aug. 23, 2022		https://youtu.be/dj4bHsS1kuY 
11.	Home Tweet Home: How to host birds and bats on your property. Presentation by Tianna Burke, MSc of the Georgian Bay Biosphere. Oct. 13, 2022		https://youtu.be/HjiL7QhWm18 
12.	Presentation by Dr. Chris Houser on his research on boat wakes and his planned research on Manitouabing Lake in 2023. Nov 10, 2022 (1 hr)		https://youtu.be/pLoRROGuT_8 
13.	This video was made by Dr. Chris Houser to describe the components of boat waves. (7 min)		https://youtu.be/wVmnebfsENs 

14. Shayne McCool is the Fire Advisor for the Northeast Region with Aviation Forest Fire and Emergency Services (AFFES) of the Ministry of Natural Resources. Shayne started with AFFES in 2007 and now focuses on wildland fire mitigation and the FireSmart program as part of his role in the wildland fire program. June 4 2025	 The poster is titled "Planning to Protect Your Home from Wildfire Damage". It features a diagram of a house with three concentric zones around it: "EXTENDED ZONE 10m to 30m" (green), "INTERMEDIATE ZONE 1.5m to 10m" (orange), and "IMMEDIATE ZONE 0m to 1.5m" (red). The text "HOME IGNITION ZONE" is written vertically on the left. Logos for "TOWNSHIP OF MCKELLAR LAKE STEWARDSHIP AND ENVIRONMENTAL COMMITTEE" and "FireSmart" are present. Text on the right says: "Discussing strategies you can use to decrease the chance of your home burning during a wildfire. Webinar with MNR's Shayne McCool June 4 2025".	https://youtu.be/Rt2mZfOZGwE 
15. Well Maintenance for McKellar Township Residents Featuring Trish Luty, General Manager, and Kyle Smith, President, from the Ontario Ground Water Association Oct 27 2025	 The poster is titled "Well Maintenance for McKellar Residents". It features a central illustration of a hand pump with water being dispensed into a glass. Text in the center reads: "Guest Presenters: Kyle Smith & Trish Luty of Ontario Ground Water Association". The "TOWNSHIP OF MCKELLAR LAKE STEWARDSHIP AND ENVIRONMENTAL COMMITTEE" logo is on the left. The background shows a stylized landscape with trees and a blue sky.
