

Canada

A PARTNERSHIP WITH 7 MUNICIPALITIES AND 2 INDIGENOUS COMMUNITIES

West Parry Sound Area Recreation and Culture Centre

The Vision

The West Parry Sound Area Joint Partnership includes 7 Area Municipalities and 2 First Nations Communities.

The Investing in Canada Infrastructure (ICIP) Program grant application is in support of the proposed \$32 million cost.

- ICIP Grant Application \$23.5 million (73% of project cost)
- Municipality and First Nations Partners \$8.5 million (27% of project cost)
- Upon ICIP Grant approval, the WPSA partners will undertake funding approvals
 within their own communities

Achieving Our Vision

West Parry Sound Joint Partners have a plan to build a unique recreation, cultural and pool centre to fill a community service gap in the regional area

Healthy Active Living

To create a unique recreation and cultural center/facility which meets the needs and interests of all West Parry Sound Communities and encourages healthy lifestyles, social interactions and physical well being through education, recreation, wellness, cultural and athletic activities.

Components of the Facility

The West Parry Sound Recreation and Cultural Centre will be located within the regional node of the Town of Parry Sound, within an easy commute to partner municipalities and Indigenous communities

The facility will be designed to include:

multi lane lap pool and a leisure pool

Full gymnasium for basketball, volleyball, badminton and pickleball

Fitness and conditioning area and aerobics / yoga studio

Indoor track. Interval workouts, cardio challenge or just walking or running!

Various multi-purpose program rooms for local, regional events and Indigenous cultural activities

Older Adult Programming for Therapy, Wellness, Socialization...

and

- Community Programming Space
- Meeting Spaces
- Indigenous Cultural Activities
- Community Event Space
- Community Kitchen
- Gathering Place

Environmental, Energy, and Accessibility Considerations

The project will meet and exceed universal and AODA accessibility standards in the Province of Ontario.

The Project will be a green and accessible facility:

- The target is to develop an ultra low energy consumption facility which will consider solutions such as:
 - Electric vehicle charging stations
 - Roof-top solar panels
- The design, construction and operations will aim to use the latest energy efficient solutions.
